# Hi! I'm JENNILYN SALAVER

jennilyn.m.salaver@gmail.com

I am an aspiring IT professional with a strong interest in building and improving digital solutions. I develop my skills through hands-on practice and personal projects, focusing on modern web technologies, problem-solving and structured workflows.

## WORK EXPERIENCES

2023-  
Present

### BYTEDANCE INC

#### Content Moderation

- Performed content review and moderation following detailed policies and workflows
- Identified, documented and resolved guideline violations efficiently
- Maintained quality standards in a fast-paced, high-volume environment
- Applied analytical judgment and consistency in content evaluation

2018-2022

### ACCENTURE INC

#### Transaction Processing Associate & Content Moderation

- Managed high-volume transactions with strict accuracy and compliance requirements
- Reviewed and validated content against platform guidelines and quality standards
- Demonstrated strong attention to detail, decision-making, and documentation skills
- Collaborated with team members to maintain consistency and quality output

## SKILLS & EXPERTISE

Practical experience gained through personal projects and continuous learning. Familiar with front-end development fundamentals, basic backend concepts, and collaboration tools. Able to follow structured processes, troubleshoot issues, and adapt to new technologies quickly.
